Burned arm on an oven September 18, 1992. Wouldn't heal!
Had 3 skin grafts, 8 doctors pondering over what to do next.

11 days after using a magnet around the perimeter of the affected area.!

This man sprained his ankle playing basketball. His whole ankle was purple. Minis were applied with paper tape and left in place for 36 hours. Notice the "flesh colored" circles where the magnets had been. What a coincidence!

One month and 11 days later. "I should have listened to Shirley a year and a half ago...I guess it sounded too strange... a magnet!!!

Nikken has been in business for 30 years, did almost \$2 Billion in sales last year in 33 countries on 4 different continents. They have approximately 40 Million satisfied customers. In fact, in Japan, one in every eight homes uses Nikken products. We have hundreds of physicians in our business....some have sold their practices to do Nikken full-time. We make no medical claims....but it looks like something good happened in these pictures.
